Dingley Tariff an Obstacle to Reciprocity Consideration.

THE AMERICAN PROPOSAL

CONTEMPLATES A TREATY UNDER TWO CLAUSES.

No Answer Has Been Returned and Negotiations Move at a Slow Pace -Since October, 1894, Not a Single American Beel Has Been Imported-Affairs of the Empire.

Berlin, Oct. 16 .- (Copyrighted 1897, by the Associated Press.)-Soon after the pew United States term went into effeet the officials of the American embusy informed the German govern-ment that the United States was will-

MISLEADING REPORTS.

Erroneous and minicading reports as to the effects of the new Unit A States trill on German hedratry continue to appear in the press. Consolidation of Georgian and Erroneous and minicading reports and Goodeshmidt has next compiled an official first of German experts from which in appears that there has been a grant decrease in experts for the quarter ending Sopt. 30, largely due to the very great, haste in crowding experts to America prior to the Dingley bill becoming a law, but the decrease in the whole of Germany is only 31 per cent, and not 55 per cent as reported by the Kreuz Zeitung.

Mit, Goldschmidt tehnis out that the decrease is mostly in sugar, evidenced by the officer by court martial.

AN ERRATIC PRINCE,

The condition of Prince Henry of Reuss, who is confined in a private asylum for the insane in this city, is rapidly snowing worse and the family has begun proceedings to have him declared irresponsible.

It appears that the prince, before he was placed in confinement, did several sensational things.

BUILDING PROVED TO BE A DANGEROUS MAN TRAP.

Providential That So Few People Attended Performance on the Night of the Tragedy-Miraculous Escane.

Cincinnati, O., Oct. 16.-The common expression today with reference to the disaster at Robinson's Opera House is "what good fortune it was that the buses by

rouse had so few people in it."

From a careful examination, it appears that not only was the construction of the building faulty, but the work and material defective. In a word, the timbers were rotten. The walls, which are no more than eight inches thick, were dry and purched with age. There is a space of ten feet in the center between the ceiling and the chicals of the American empowers that the United States was will as the United States was will as to begin negotiations for a recitance of the particular at the Comman powers, the attorney general claims, and celling truesses were run across sent that the United States was will as to begin negotiations for a recitance of the particular attack for examined by the establishment the particular attack for examined by the particular attack for examined by the particular attack for examined by the particular attack for examined the particular attack of the increase of of the increase
